

How will my child be included in activities outside of the classroom including school trips?

- We believe that all children should be included in every part of the school curriculum.
- We aim for all children to be included on school trips and visits (including swimming) and will endeavour to provide the necessary support, making reasonable adjustments (such as adapted transport and specialist equipment).
- A risk assessment is carried out prior to any off site activity to ensure that everyone's health and safety needs are accounted for. This may include additional one-to-one support to enable a child to take part in a trip.
- In the very unlikely event that it is considered unsafe for a child to take part in an activity, alternative activities will be arranged that will cover the same curriculum areas. If this is the case for your child, then this will be discussed with you well in advance
- Parental support and additional support will be sought as necessary in order to ensure the safety and wellbeing of all pupils during activities outside the classroom.
